

## 30 Day Author Platform Challenge Worksheet 23

After reading Day 30, answer the following questions.

1. Did you use different search engines to search for yourself? Name them.
2. Did you use different search terms? List them.
3. Were you happy with what you found? Reasons.

Remember to do this regularly – that way you'll know what people (readers, agents, etc.) find when they search for you. Compare the results of this worksheet every couple of months to keep track.
